TICKETS MACHINE

The most versatile Ticket Dispensing Machine allows you to Control Costs, Increase Revenues

The MC950-TIK is a FRONT LOAD CONSOLE STYLE - CASH ACCEPTING TICKET Change Machine that features a variety of options for acceptance and dispense of tickets and change. Coupled with either the optional Pulse Selection or Package Selection Buttons, this machine allows customers to chose the number of tickets they want, and pay for it with cash or credit and get appropriate change if necessary. Multiple ways of dispensing tickets!

The MC950-TIK series offers a solid-welded steel cabinet with two T-Handle "slam" locks on the changer, and one on the locking storage console base, for better security and peace of mind. This machine is easy to use and will help you generate more revenue by offering more convenience for your customers, without the need for attendants.
