GUARDIAN XP® CAR WASH PAY STATIONS

GXP-WST

The Smart, Affordable Replacement for Aging Wash Select 2 Units

No touchscreen. No unnecessary complexity. Just dependable performance.

The industry relied on the Unitec Wash Select 2 for years—but with support gone and older units showing their age, operators are looking a dependable, cost-effective replacement that fits what's already in place. **Enter Standard's GXP-WST.**

Designed around the same cabinet footprint, Standard Change-Makers Guardian XP series **GXP-WST** will fit in the same space – delivering modern reliability, flexible payment options, and lower long-term operating costs without the complexity (and expense) of touchscreen systems.

Simple. Reliable. Profitable.

Whether you're upgrading a single in-bay automatic at a convenience store or managing multiple wash bays, the GXP-WST delivers:

- Proven durability
- Flexible payment options
- Easy operation
- Affordable performance

All in a platform designed to keep your wash running—and your revenue flowing.

Built-In Marketing Power

Drive revenue and customer loyalty directly from your pay station:

- **Time-of-Day** and **Day-of-Week** pricing
- Up to 19 **Discount Codes**
- Up to 19 **Charity Codes**
- **Discount/Bonus Token acceptance** and **dispensing**
- Up to 20 **One-Time-Use** promotional codes

*** For advanced fleet and gift card programs, the GXP-WST pairs seamlessly with Cryptopay Tap Plus solutions.*

The GXP-WST has the same footprint as the Unitec Wash Select II
